

Sgt. Benjamin Anthony

Israel, A people, A place, My Home.

Reflections of I.D.F. soldiers

Since moving to Israel, Sgt. Benjamin Anthony (IDF Res.), has lived through some of the recent, extraordinary peace initiatives undertaken to resolve the Israel - Palestinian conflict.

As a citizen of Israel, he has observed as the peace initiatives have unfolded. As an IDF combat veteran, he has participated in campaigns to safeguard Israel, serving in uniform both within and beyond the borders of Israel.

He comes to us to describe how every day life is impacted by efforts made in the hope of bringing peace, but which often yield only conflict.
